Observations... From Around Town

(BY JAY WHOZIT)

Well, so far only two candidates have announced their intentions "officially" of running for the office of City Commissioner, made vacant by the resignation of Mr. W. L. Bourgeois, although common street gossip has so many aspiring for the office, that if they all enter the race they would have to campaign among themselves for votes, but of course, time will tell, and even time is fast running out. . . New Orleans papers and others seem to be making quite an issue of the milk situation in Mississippi and especially here in Bay St. Louis and Hancock County, consequently Roemer Dairies who operate processing plant here, have published elsewhere in this issue an official statement from Dr. C. M. Ship, Hancock County Health Officer, showing that the milk processed in their plant is Grade "A" and that it meets all requirements for Grade "A" classification. . . May 1-7 is National Home Demonstration Week, and will be observed here in Hancock County with programs in schools and by the various clubs throughout the County. . . the Bay-Waveland Garden Club Flower Show, originally scheduled for last week end, has been postponed to the week end of May 21-22, because of the inclement weather of last week, so all who may be interested in making entries will govern themselves accordingly. . . the St. Joseph Academy May Festival will be held on next Saturday, May 7th, and the Bay High School will hold their May Festival on Friday, May 13th. . . Mayor Carver's column continues to keep his readers posted on the progress of the audit now being made of the city's financial accounts, while Commissioner Lader has prepared another list of articles supposed to have been bought and paid for with city funds, and also gives some information on the city's bonded indebtedness, which should make interesting reading. . . a ride about town after the rains of the past week, show many of our streets to be in a terrible condition, with holes in some places as much as a foot or more deep, and take it from us, Mr. Mayor, these holes are really hard on our old jalopy. . . a little asphalt or gravel will remedy the situation, at least temporarily. . . George Davis, who shot and killed Mississippi State Highway Patrolman, Cyril Reinert, in January, 1947, has been denied clemency by Louisiana's Governor Long, and will be executed in the state's portable electric chair at Orleans Parish jail, this Friday, April 29th, between the hours of 6 A. M. and 1 P. M. . . the Board of Mayor and Aldermen of the Town of Waveland are advertising their intention to issue more than \$20,000.00 worth of bonds in order to harden surface certain streets, construct bridges, culverts and provide drainage where necessary. . . we think this very commendable and a step toward the building of a bigger and better town of Waveland. . . according to county chairman George Stevenson, the Red Cross Fund Drive can be closed this week if the few who have not yet made their contribution will do so at once, because we are very close now to meeting our quota, with only a small amount yet to go, so come on folks, don't quit now with the end of the drive practically within our grasp.

CHILD DIES SUDDENLY; FUNERAL SERVICES WEDNESDAY

Funeral services were held on Wednesday afternoon for James Fricke, seven year old son of Mr. and Mrs. John C. Fricke, who died suddenly at the Lakeshore school, where he was a pupil, on Tuesday of this week. Mrs. Jeanne Williams, head of the Lakeshore Grammar School said the child fell on the floor in the lunch room as he came in at the noon hour. She and another teacher administered first aid while they waited for medical assistance and for the ambulance to bring him to Bay St. Louis to the Kings Daughters Hospital. It was said that the physician said he died before reaching the hospital, though oxygen was used in the hope of reviving him. A heart attack was given as the cause of death. Religious services were conducted at Christ Episcopal Church by Rev. C. R. Johnson and interment was in Cedar Rest cemetery. Surviving are his parents, four sisters Irene, Shirley, Betty, and Beverly Fricke; four brothers John C. Jr., Ronald, Robert and Leroy Fricke. The family reside on Highway 90. Mrs. Williams said that the child was in a rather gay mood on Tuesday and had reported to her room for singing as usual, and that his mother said that he was in a hurry that morning to get to school and was ready long before it was time to take to bus.

Local REA Co-Op Manager Guest Speaker Before Bay Rotarians

H. H. Shattuck, Manager of the Coast Electric Power Association, our local REA Co-Op, was quite well received in his informal and enlightening talk to local and visiting Rotarians and their guests at this week's meeting held at the Reed Hotel.

Mr. Shattuck, guest of Mr. T. G. (Teddy) Stachmann, explained why the REA program was originated, how it functioned, the local Co-op's relation to the national program as a whole and it's the Co-op's responsibility to the community it serves. Shattuck gave tribute to the local area leaders who some 12 years ago foresaw, (or at least had faith in) the future to the extent that they asked their fellow farmers to pay a five dollar membership fee—the sum of these five dollars fees to thus convince Government Officials that a few thousands of dollars invested in this area was a good risk. This meager beginning was resulted in the Coast Electric Power Association's investment of better than One Million Dollars—this to bring the otherwise unavailable benefits of electricity to the rural areas of Hancock, Harrison and Pearl River counties. It was pointed out that the local Co-op now serves more than 4100 members by some 1200 miles of distribution line. Payments to the U. S. Treasury are at the present time in excess of \$3,000 per month. Shattuck stated that the local Co-op's financial condition was good,—they not only have met every payment when due but have paid some in advance,—this as insurance against some unforeseen emergency.

The local Co-op has its policies determined and directed by a Board of Directors composed of nine members of the cooperative,—these Directors geographically located so as to give equitable representation to the areas served. The members elect these Directors at Annual Meetings held each year. The Directors select and employ a manager to manage the affairs of the Co-op. Shattuck in outlining the above, stated that such a one membership—one vote arrangement made the Co-op a completely democratic organization. The Board of Directors of the local Co-op is composed of three Directors from each of the three counties served.

It was interesting to learn that each month the members along the 1200 or more miles of line operated by the Coast Electric, read their own meters and send this reading to the Bay St. Louis office on a postal card furnished them by the Co-op. This cooperation on the part of the members was said to save the Co-op more than \$500 per month and help make possible the \$2.00 per month minimum bill. Our faith in our fellow man received quite a boost when we learned that a semi-annual inspection of the meters all years showed that the percentage of cheaters was very small.

Other points brought out in the talk were: of the 24 Co-ops in the state our local one is NOT the largest BUT is the BEST,—The Coast Electric buys all the power it distributes, from the Mississippi Power Company,—paying this concern over \$3,000 per month for wholesale power; an early start on an office building is planned,—this to be a modern office, warehouse, garage headquarters located on Highway 90 between Main and State Streets,—the cost to be approximately \$85,000,—and the immediate installation of two way communication equipment that in the case of an emergency would allow contact with surrounding points.

It was also interesting to hear Mr. Shattuck state that as far as the Coast Electric Power Association was concerned there was no fight with the private utilities,—that he considered their tasks completely different and not at all conflicting. It was pointed out that in 1935 less

BROTHER ALEXIS ATTENDS N. C. E. A. MEETING

Convention Hall in Philadelphia, Pa., scene of the convention of the Democratic and Republican Parties last summer, saw the gathering of over 8000 priests, brothers, sisters and lay teachers in the Catholic School system, members of the National Catholic Educational Association, for their annual convocation. The theme of the meeting was "The Relations of Government, Religion, and Education."

The Secondary School Department of which Brother Alexis was Secretary, had an outstanding program. The program opened Tuesday morning, April 19, with a solemn Pontifical Mass at which His Eminence, Cardinal Dougherty, Archbishop of Philadelphia, assisted at the throne. The immense stage of Convention Hall was turned into a large sanctuary, and the hall formed the body of the Church. After the opening session, the members divided into many groups for the discussion of a number of topics of interest to Catholic education in reference to government. Some of the principal speakers were: Rev. Robert I. Gannon, S. J., president emeritus of Fordham University; Hon. Brian McMahon, U. S. Senator from Connecticut; Dr. Roy J. DeFerrari, Secretary General, Catholic University of America; Rev. William F. Cunningham, Notre Dame University; Rev. Joseph C. Mulhern, S. J., Spring Hill College, Mobile, Alabama, and many others.

Each session had a summarizer. Brother Alexis was the summarizer for the opening session, and also general summarizer for the entire Secondary School Department on Friday morning at the closing session. At this session Brother Alexis was elected vice president of the National Catholic Educational Association.

S. J. A. Parents' Club To Meet Tuesday, May 3rd.

On Tuesday, May 3rd, the St. Joseph Academy Parents Club will hold its final meeting of the 1948-49 school year. Because of the many activities of the club, the year has been very successful. Mrs. F. R. Curran, president, and her co-officers are to be congratulated. Installation of newly-elected officers will take place and they will then assume their respective duties.

Members of the club will be the guests of the Sisters of St. Joseph, at this closing meeting.

St. Stanislaus Graduation Exercises May 29th.

St. Stanislaus graduation will be held May 29 with 37 boys receiving their diplomas of graduation. Michael Dolan of Yazoo City will be valedictorian and Walter James Egar of New Orleans will be salutatorian. Right Reverend Bishop R. O. Gerow, of the Natchez Diocese will address the class.

More than 1% percent of the rural residents of Mississippi had the benefits of central station electric service. REA started in 1936 and today the figure is not 1% or 10%,—BUT 66%.—Shattuck indicated that perhaps the REA had helped a bit in this.

It was pointed out and highlighted by attractive posters that the community benefits by improvements made possible by rural electrification.—Business benefits by additional sales of equipment, etc., the area as a whole benefitting by the better standard of living made possible.

Local High School Bands Win Honors In Contest Held Recently In Jackson

Under the direction of George Wimberly, the Bay High Band rated excellent in marching and concert in the contest held at Jackson, this month. This was the first year that the drum majors were judged separately in the band judging and Ann Kenner was rated superior. This was Miss Kenner's first year as Drum Major. She is a sophomore student at Bay High.

The St. Stanislaus Band, under the training of Brother Romuald, rated superior in marching and excellent in concert. Jimmy Borgstede, a tenth grader at St. Stanislaus, Drum Major was given a superior rating. This was also Jimmy's first year as a drum major. Both bands are now in the CC class. The Bay Band stopped at the Waltham Hotel and St. Stanislaus at the Robert E. Lee. The St. Stanislaus Band will participate in the music festival to be held at City Park, New Orleans, on May 5, 6 and 7.

A Report Of The Facts Uncolored, From The City Records

By SYLVAN J. LADNER, JR.

It is my belief that you would be interested to know the bonded indebtedness of our city. Following is a statement as of December 31, 1948:

	Principal	Accrued Int.
Municipal Water Works		
Funding 1937	\$ 2,500.00	\$ 62.50
Municipal Water Works Improvement 1940 Bonds	20,000.00	273.33
Municipal School Imp. Bonds of 1940	13,000.00	216.67
Municipal School Funding Bonds of 1941	9,000.00	90.00
Municipal School Funding Bonds of 1943	5,000.00	66.66
Municipal School Improvement 1948	15,000.00	218.75
Municipal Street Imp. Bonds 1940	22,000.00	366.67
Municipal Street Imp. Bonds 1944	25,000.00	229.17
Municipal Funding 1947	8,700.00	217.50
Municipal Funding 1937	7,000.00	192.50
Municipal Funding 1939	18,000.00	450.00
Municipal Funding Bonds of 1940	57,000.00	760.00
Municipal Funding Bonds of 1943	14,000.00	186.66
Refund Bonds—Series No. 2 1936	1 30.00	20.00
Municipal Refunding 1937	2,000.00	60.00
Refunding Sea-land Bonds 1946	1,000.00	20.00
Total	\$321,200.00	\$3,430.41
Gas Revenue Refunding 1941	182,000.00	682.50
Grand Total	\$403,200.00	\$4,112.91

The law limits a municipality's bonded indebtedness to 10% of its total assessed valuation. Excluding the Gas Revenue Bonds, this total of \$221,000.00 represents a little more than 7% of our total assessed valuation. In other words we are near the legal limit.

If we include the Gas Revenue Bonds, we are past the 10% legal limit.

Listed below are a FEW more of the numerous items that have been purchased by the City in the past, which illustrates very forcibly how the taxpayer's money has been literally thrown away. These wasteful, unnecessary expenditures, together with other leakages, explain the cause for the terrific tax load that we are burdened with, and for the staggering sum of our bonded indebtedness.

One 8-day Waltham Boat Clock	\$ 25.00
One 2 Burner Kerosene Stove	40.00
One Pontiac Carburetor Kit	3.95
One Muffler 1937 Pontiac	4.55
One Set Seat Covers 1937 Pontiac	7.50
One 24-Inch Mahogany Steering Wheel	30.00
One Oldsmobile Radio	67.50
One Cigarette Lighter	5.50
One Camera	28.40
Two Liquid Compasses	40.70
Twenty Paint Brushes	190.50
Artificial Bait, Lines, Fishing Rods, Fishing Reels, etc.	216.19
30 Gallons Boat Paint	181.25
One Chronograph Stop Watch	170.00
Total	\$1010.04

The above prices were wholesale prices on each item.

It might likewise be of interest to the Citizens of Bay St. Louis, that the much discussed City Patrol car and the tax payers' gasoline is being used by the Mayor in the interest of his Candidate for City Commissioner. It was my understanding that it was purchased for the purpose of enforcing the law!

Bay-Waveland Garden Club Hat Show

The Bay-Waveland Garden Club will hold the annual Hat Show at its May meeting, Thursday, May 12th, at the home of Mrs. Joe R. Scharff. Members are urged to wear hats made and trimmed with flowers, vegetables or fruits, as an amusing and interesting program is looked forward to in this Flower Hat Contest.

Official Of State Board Of Health Says Milk And Local Plant Meet Grade "A" Requirement

MRS. C. C. McDONALD TO SPEAK AT COURT HOUSE, FRIDAY, MAY 6

Mrs. C. C. McDonald will address the citizens of Hancock County at the Courthouse on Friday, May 6 at 7:30 p. m. The topic of her talk will be "Mississippi" and is being given in conjunction with the state wide drive being made to establish May as hospital month throughout Mississippi.

Mrs. McDonald who has traveled extensively throughout the state is fully acquainted with all points of interest both historical and industrial in Mississippi and has valuable information to offer her listeners.

This is important to every adult citizen in Hancock County and Bay St. Louis and everyone should feel it their duty as well as their privilege to become more familiar with the advantages of their state in order that they may talk intelligently to the many tourists who come to this section.

Bring this date on your calendar and hear Mrs. McDonald's message. This is an opportunity offered you. Take advantage of it.

—Harold Daniel Krankey, Jr., son of Mr. and Mrs. Harold D. Krankey, was baptized at the Main Street Methodist church on Easter Sunday, Rev. H. Burklin Oliver performing the baptismal rites. Mr. and Mrs. Albert Krankey, grandparents of the child stood as Godmother and Godfather for the baby.

The ladies of the First Baptist church entertained 28 patients of the Veterans Hospital at Gulfport on Tuesday afternoon. Refreshments were served in the recreation room of the church and the men were entertained with music and singing of Sacred songs.

—Mr. and Mrs. Fred Gimble who have been living in Jennings, La. for many years have returned to Bay St. Louis where they will reside permanently. Bay St. Louis welcomes them as residents. Mrs. Gimble is a sister of Mrs. Joseph O. Mauffray of this city. Mr. and Mrs. Gimble are located in the Sigerson apartment for the present.

—Mrs. Eugene Mogabgab and Mrs. George Stevenson left Thursday for Greenville and Leand to attend the State Convention of Mississippi Garden Clubs, Inc. Mrs. Stevenson is delegate to the convention from the local club and Mrs. Mogabgab is president of the Gulf Coast Council of Garden Clubs Inc.

There has been much discussion of late in New Orleans papers relative to the action of the Louisiana State Board of Health, revoking the permit of the Roemer Dairies to ship milk produced in Hancock and Pearl River Counties into New Orleans under their Grade A permit.

As we understand it, it has always been the practice that when the Mississippi State Board of Health issued their Grade A certificate on milk produced in this State, that this certificate was recognized by other State authorities. When the Roemer Dairies were originally issued their permit by the Louisiana State Board of Health and the New Orleans Board of Health authorities for the distribution of Grade A milk, in New Orleans, which milk was produced in Hancock and Pearl River Counties and processed in their plant in Bay St. Louis, certificates of the Mississippi State Board of Health were issued in this instance, and were recognized by the Louisiana authorities. The New Orleans plant operated by the Roemer Dairies processes their standard milk.

For reasons known only to the health authorities of Louisiana inspectors for the first time were sent into this area to check the barns of the various producers who were shipping milk to the Roemer Dairies in Bay St. Louis. Following their report the Roemer Dairies permit was revoked by the Louisiana authorities.

Where milk is produced in a County in Mississippi for commercial purposes the State Board of Health requires the services of a milk inspector under the direction of the County Health Officer. For Hancock County Mr. Wayne Alliston is Sanitation and Milk Inspector and for Pearl River County Mr. E. C. Brooks is in charge of this work. These two men have insisted that the dairymen of Hancock and Pearl River Counties, who are shipping to Roemer Dairies, meet Grade A requirements.

The controversy having reached the point that it has, Mr. D. B. Whitehead, Assistant Supervisor of Food and Milk Control of the Mississippi State Board of Health, came to Bay St. Louis on Monday of this week to conduct an investigation and to make a personal inspection of the dairies and of the Roemer Dairies Plant in this County. Following this inspection Mr. Whitehead stated that "The equipment and the barns on the farms in Hancock and Pearl River Counties, producing milk for the Roemer Dairies and the Roemer Dairies plant in Bay St. Louis are in compliance and meet Mississippi State Board of Health Grade "A" regulations."

While here conducting his tour of inspection, Mr. Whitehead addressed the Bay St. Louis Rotary Club Wednesday at their noon day luncheon and discussed the milk situation before this body.

Mr. Whitehead also stated that a request has been made for a rating on the milk supply in this area. While here conducting his tour of inspection, Mr. Whitehead addressed the Bay St. Louis Rotary Club Wednesday at their noon day luncheon and discussed the milk situation before this body.

County Chairman Easter Seal Sale Makes Final Plea

Mrs. Roger Boh, County Chairman for the Easter Seal Sale would like to urge everyone that has not sent in their contribution to the Easter Seal Sale to do so. Mrs. Boh stated that even though emphasis is placed on the drive for the month before Easter, the needs of crippled children go on all through the year. Mrs. Boh also stated that funds collected up to this date are not enough to take care of the many needs that should be cared for now. There are many who have received Easter Seals that have not sent in their contribution. It is urged that everyone contribute as soon as possible so that a final check for each county can be made.

Junior-Senior Prom At St. Joseph Academy Last Saturday, Colorful Event

On Saturday, April 23, 1949, the annual Junior-Senior Prom of St. Joseph Academy was held in the school gym. The theme, "Begin the Beguine," was beautifully carried out, with the use of tropical foliage, a large mural depicting a volcano, a white capped sea, and a starry night sky.

Beginning at 8:00 p. m. the prom lasted until 12. At 10:30 there was an intermission, during which Jackie LaNasa, Jr. Class President, with a graceful speech, presented the Senior

OUR TOWN

By WARREN J. CARVER

A tentative current fund balance sheet as of December 31, 1948, has been submitted by the firm of Taylor, Powell, Wilson and Hartford, Certified Public Accountants. The report states that since the State Department of Audit has agreed to make a detailed examination of the City records for a four year period and in order to avoid unnecessary duplication of effort, certain phases of procedure have been omitted. The Gas Department was not included in the report.

Concerning water rent accounts, the report states: A detailed examination of not only the collections but also of the revenue due to have been received will be necessary before the amount of the water accounts receivable can be accurately determined. Inasmuch as the State was engaged to make such a detailed examination, this procedure was not duplicated.

From the above, inference is made that a physical survey of the entire town is necessary in order to determine who should pay water rent and how much should be paid.

In reviewing the payments for bond coupons it was noted that in some instances coupons owned by the County had been charged to the City account in error. It was suggested that all of the coupons be examined and the method of review was discussed with the Council.

Included in the report is a schedule of insurance in force as determined by the policies on file. It is suggested the insurance be reviewed periodically in order to determine that the coverage is adequate.

In closing, the letter of transmittal has this to say: The records of the City as fragmentary, scattered and without proper accounting control. The plan for controlling the records and accumulating accurate financial information for use in managing the affairs of the City has already been discussed with the Commission Council.

The tentative balance sheet as of December 31, 1948, subject to the comments contained in the letter of transmittal, is presented for the information of the public:

CURRENT ASSETS:	
Depository (Cash balances)	\$ 3,053.93
Taxes Receivable (1948)	138,927.60
Taxes Receivable (1947)	604.21
	\$142,585.14

CURRENT LIABILITIES:	
Accounts Payable	\$ 39,029.25
Notes Payable	19,782.88
Accrued Interest—Notes	215.96
Unpaid Salaries	11,627.07
Bonds in Default	20,700.00
Bonds due within 1 year	22,000.00
Accrued Bond Interest	3,480.38
	\$116,785.54
Surplus	25,799.60
	\$142,585.14

The reader of the above balance sheet should bear in mind that the surplus of \$25,799.60 is not a true surplus because consideration must be given to the fact that the current operating expenses of the municipality for the year of 1949 have not been taken into consideration. These current expenses, based on average cost of operation for the past four years, would be approximately \$182,000.00.

Actually, when the new administration took over on January 3, 1949, the amount of indebtedness was as follows:

Total current liabilities (as above)	\$116,785.54
Less:	
Bonds due within one year	\$22,000.00
Recovery on 1947-1948 taxes	11,410.09
Taxes Receivable (1947)	604.21
	\$34,014.30

Total indebtedness \$ 82,771.24

It will be seen that from the above figures, some sound and intelligent thinking and planning will be necessary in order to get ourselves on a solid financial footing.

GARDEN CLUB FLOWER SHOW POSTPONED TO MAY 21-22

Mrs. J. R. Rollins, president of the Bay-Waveland Garden Club, announces the date for the Flower Show to be sponsored by the Club for Saturday and Sunday, May 21 and 22 at the Bay St. Louis High School gymnasium.

The chairman of the Flower Show, Mrs. Eugene Mogabgab, suggests that all interested should keep on file the schedule published in this paper last week and stenciled copies of which were mailed out to members and others.

The postponement of the Flower Show scheduled for last week end was due to the excessive rains but no regulations have been changed—only the date, so consult your local paper of April 22 for the schedule governing entries. Be sure to send in exhibits whether you are a member of the local club or not.

State Forest Service Plans Increased Seedling Production

Planting operations are under way at the state Forest Service tree nurseries located near Mount Olive and Winona and pending favorable weather ample seed for the production of 25,000,000 seedlings are scheduled to go into the ground during April, announces Joe Weatherly, forest management director of the Mississippi Forestry Commission.

Seed for the production of 1,000,000 longleaf pine, 1,500,000 loblolly pine, and 500,000 short leaf pine seedlings have already been planted as nurserymen push forward at full speed to take advantage of the fair weather.

The goal for this year represents a 60 percent increase over last year's nursery plantings and Weatherly believes that unless unforeseen conditions present a barrier the production will be the greatest in the history of the Mississippi Forestry Commission nurseries.

H. C. Doize Died In New Orleans

Harry C. Doize, a resident of Bay St. Louis for the past 25 years, died in New Orleans on Saturday, April 24 following an illness of several weeks. Funeral services were held on Sunday, April 25 at one o'clock with religious services at Rosa de Lima church and interment in Lafayette Cemetery No. 1.

Surviving are his wife, the former Miss Lucie Bahan, three daughters Mrs. Guy Maspero, Mrs. Ewell C. Potts, Mrs. F. K. Justus, three sons, Sidney F., Harry C., Jr., and Morris I. Doize. He also leaves a brother Edgar E. Doize, and several grandchildren.

Mr. Doize was a native of Wilmington, North Carolina, and was for many years connected with the American Bank in New Orleans. Upon his retirement he came to Bay St. Louis to live where he made many friends. He was 84 years of age.

"Dickie" Curran To Take Part in Summer Training

Madison, Wis.—Richard T. Curran, Bay St. Louis, Miss., is one of the sophomore students enrolled in the Naval Reserve Officers Training Corps at the University of Wisconsin who will take part in a summer program of aviation-amphibious training at Pensacola, Fla., and Norfolk, Va.

He will spend the summer in shore-based training as part of his undergraduate work as a cadet. Following graduation and completion of three summer training cruises, cadets receive commissions in the Navy.

During the last war, the Navy procured over 11½ million dollars worth of clothing per week each year.

ST. MARGARETS DAUGHTERS HAVE BIRTHDAY PARTY

St. Margaret's Daughters enjoyed a very successful "Birthday Party" on Wednesday afternoon, April 27th, despite the inclement weather. Mrs. Daisy Wentworth, chairman, announced.

The party was given in the house of Mrs. Roger Boh. Co-workers were Mrs. W. L. Reeder and Mrs. George Anderson.

Vases of beautiful flowers were artistically placed throughout the picture home. A large cake, shaped like an open book, with white icing and the words "Happy Birthday St. Margaret's Daughters" in blue icing made a handsome centerpiece on the lace covered dining table. The cake was framed in camellias and fern. At each end was a crystal candle holder with a long white candle, these held tiny camellia buds. Coffee and fruit punch were served.

Mrs. Wentworth and all members of St. Margaret's Daughters extended sincere appreciation to everyone who helped in any manner to make this party an outstanding success.

St. Margaret's Daughters will hold the May Meeting on next Wednesday, May 4th at the lunch room, at 3 p. m. All members are requested to attend.

Pearl River Jr. College Summer Session To Open June 6th.

Poplarville, Miss., April 25—Pearl River Junior College's 1949 summer session will open on June 6 and close on August 13, according to an announcement today by President R. D. McLendon.

The session is divided into two five week terms, the first term closing on July 9. Vocational courses will open June 6 and run through the summer.

Mr. McLendon said that the summer program would enable college students to gain twelve semester hours and high school students could earn one and one-half units.

Further information can be secured by writing Dean A. B. Nicholson, McLendon said.

In the vocational program, refrigeration, auto mechanics, sign painting and cabinet making will be offered throughout the summer.

Can Black-Draught Help an Upset Stomach?

Yes, Black-Draught may help an upset stomach if the only reason you have an upset stomach is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. If you are troubled with such symptoms as loss of appetite, headache, upset stomach, flatulence, physical fatigue, sleeplessness, mental tension, and head-aches—these symptoms are due only to constipation—then see what Black-Draught may do for you. Veterans' News

Mississippi veterans of the Second World War whose National Service Life Insurance was taken out prior to December 31, 1945, stand in danger of losing the protection afforded by this insurance unless they renew their policies.

The first National Service Life Insurance 5-year term policies were dated October 8, 1940. These policies were good, unless renewed, for a period of five years only. However, during the course of the war Congress passed an act under the provisions of which all 5-year term policies that were in force before December 31, 1945 were automatically extended for another three years. In other words, the man who took out a 5-year term policy before December 31, 1945, by virtue of Congressional action, actually had an 8-year

term policy. The 8-year expiration date of many of these term policies is already at hand. The veteran who holds one of these should immediately take steps to renew it or else convert it into a permanent contract of insurance. Once one of these original so-called 8-year term policies expires, it cannot be extended. In addition, the insured does not have the customary 30 days of grace. The Veterans Administration is attempting to notify the holders of these so-called 8-year term policies in advance of their expiration dates. However, if such a notice is not received by the insured he will not be protected by the failure of the Veterans Administration to notify him of the expiration date of his policy. All veterans are urged to check the expiration date of their policies in order that they may be assured of continued protection. Proper forms for the renewal or conversion of these term policies should be available from county service officers, Veterans Administration offices, the State Veterans Affairs Commission and other agencies interested in veterans affairs.

Waveland News

The Waveland School Parents Club will hold their next meeting, May 5th, at 7:30 p. m. in the school auditorium.

Mr. and Mrs. Henry Necaise and daughter, Miss Gloria Necaise, Mr. and Mrs. L. Dubuison and Miss Marie Necaise drove to New Orleans to visit Mr. and Mrs. A. Johnson and Mrs. Rene Necaise.

Mr. and Mrs. M. Glaser and son Mike spent Sunday at their summer home on Coleman Avenue.

The sympathy of the entire community is extended to the family of Antoine Sonier who passed away in New Orleans on Sunday. He is survived by two sons and three daughters.

Funeral services were held from the home of his son Dominick Sonier on St. Joseph Street on Tuesday, April 26th, at 2:00 o'clock p. m. Interment was in Waveland Cemetery.

Mr. and Mrs. C. Wright have purchased a lot on Farrar's Blvd. from Mr. T. P. Hickey where they will build a summer home.

Mr. and Mrs. V. Graffino, son-in-law and daughter and grandson Vincent were over for the week end.

The sympathy of the entire community is extended to the family of Mrs. Julia Hitchler Swasey who passed away at Baptist Hospital in New Orleans on April 21, 1949. She is survived by a daughter, Mrs. Clarence M. Calongue, and a son Harold A. Swasey.

Mrs. Swasey lived here for a number of years on Coleman Avenue.

Mr. Tom Stathopolos was called to Utah due to the death of his mother. The sympathy of the community is extended to Mr. Stathopolos and his family.

The Third and Fourth grades wish to thank the mothers and all those who helped to make their Bingo Party a success.

The entrance prize was won by Mrs. Dee Bozeman.

Mr. and Mrs. H. K. Holderith and daughter Rosemary have as their guest Mr. Holderith's father, Mr. Dan X. Holderith.

Mrs. E. Oliver has come from Galveston, Texas to spend a few days at home with her parents Mr. and Mrs. Edgar Bourgeois and her daughter Anna Mae Oliver.

as, the market opens. Mr. Saucier also has quite a few mature hardwood saw-logs. These will be cut when a good market is found for them. After cutting operations are finished the remaining small trees will have plenty of room to grow into mature trees. The middle age trees will grow to saw-log size within twelve years. Mr. Saucier is planning to make another timber harvest at that time.

Mr. Saucier is a firm believer in protecting his woodland from fire. He plans to construct 3 miles of fire-breaks around his woodland this fall. The fire-breaks will aid him in protecting the pine seedlings he planted in open spaces during January, as well as, the thousands of young pines scattered over the woodland.

Jake Gets
His Tractor

Jake Thomas bought a farm with the money he'd saved in the Service, but he couldn't get a tractor. He needed it badly, but was tenth on the local dealer's list.

"Tell you what," old man Peters says. "If those nine fellows ahead of you agree, you'll get the next one I get in." "No, thanks," says Jake, "I'll just take my turn."

But old Peters mails out nine postcards. And the other day he tells Jake his tractor will be in next week. "I simply wrote the facts to the fellows ahead of you. They decided it."

From where I sit, it's that spirit of understanding that helps make our democracy so great. Understanding for the other fellow's problems and respect for the other fellow's rights—whether it's his right to carry a firing line right to cast his vote against your candidate, or even his right to enjoy a moderate, friendly glass of beer or ale—if and when he chooses. Let's always keep it that way!

Soil Conservation News

Conservationist
By J. L. Bishop, Soil

Mr. Erasmus Saucier, Cooperator with the Hancock County Soil Conservation District, lives in the Standard Community, is practicing selec-

tive cutting trees in his woodland. Mr. Saucier is cutting pine trees of low quality, such as: limby trees, crooked trees, deceased trees and trees which were boxed for turpentine, several years ago. Most of the timber is cut into pulpwood and sold to Mr. Jack Lott, at Kiln. Mr. Saucier is cutting and hauling the pulpwood, thereby, getting the maximum return from his timber. Mr. Saucier works in his woodland during winter months, and days which are unsuitable for other farm work. At present the price he receives delivered at Kiln (on-the-barge) \$11.25 per unit. When the pine timber areas are cut selectively, then the inferior hardwoods along the branch bottoms will be cut for Masonite, pulpwood, as soon

Completely New! Completely Proved! OLDSMOBILE'S HIGH-COMPRESSION "ROCKET" ENGINE GIVES YOU TOMORROW'S PERFORMANCE ON TODAY'S FUELS

YOU'VE GOT TO DRIVE IT TO BELIEVE IT! You've driven cars with good response. You probably know of engines that are smooth... quiet... economical. But you can't know how Futuramic in performance an engine can be—until you drive a "Rocket" Engine Oldsmobile! It's an entirely new kind of motoring experience—because the "Rocket" is an entirely new kind of engine!

HIGH-COMPRESSION IS ONLY HALF THE STORY! It's true that the "Rocket" has a high compression ratio... 7 1/4 to 1, in fact. But that's not all. To eliminate noise and vibration, Oldsmobile engineers designed a completely new engine that gives you this high-compression dividend of spectacular action... with even greater smoothness and quietness than before.

FIRST OF THE ENGINES OF THE FUTURE! The Oldsmobile "Rocket" begins a new era of Futuramic power. It takes the fullest advantage of present-day fuels. It squeezes more performance from every drop of gasoline. It establishes a lead that other engines will follow in the future.

TRY—"THE NEW THRILL!" Your best test of the "Rocket" will come when you feel that smooth, gathering surge of power yourself. We urge you to see your dealer soon... to try this "air-borne sensation" in either the luxurious Oldsmobile "98," or the spectacular new Oldsmobile "88"—the lowest-priced "Rocket" Engine car!

Hattiesburg, Miss., April 25—Mississippi Southern College will offer a limited number of scholarships of \$150 each to be awarded to high school graduates and junior college graduates who wish to become elementary school teachers.

Dr. R. G. Bigelow, head of the Division of Education at Mississippi Southern, said the scholarships were intended for students of good reputation with high scholastic standing and a sincere interest in children, who will pledge themselves to earn a degree in elementary education and then teach in the elementary schools of Mississippi. The scholarships will be effective for the school year beginning in September.

Students interested in these scholarships must be recommended by

their high school principals or superintendents or junior college presidents and should have an academic average for their four years of at least "B" or 85 percent.

Applicants are asked to write a letter in their own handwriting to: Committee on Elementary Education Scholarships, Station A, Box 135, Mississippi Southern College, Hattiesburg, Mississippi. The letter should include information about the applicant, such as education background, quality of the student's work, course preferences, membership and offices in school organizations, honors and awards, hobbies, and any other pertinent information. "The student in his letter should also tell why he wants and needs the scholarship and give the names and addresses and occupations of three persons not related to the applicant who knows of his fitness for such a scholarship.

SERVICE ENTRANCE

for America's Finest Fuel

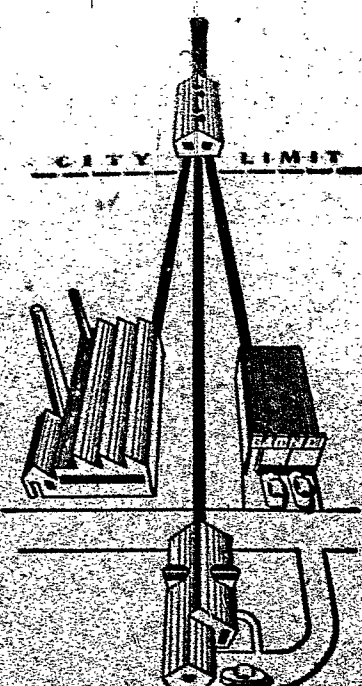

Natural gas enters the local distribution mains of the cities and towns we serve at metering and regulating stations located just outside the city limits. These are the "city gates" for natural gas service... service to gas ranges, gas water heaters, gas refrigerators and heating equipment in homes and apartments... service to boilers in factories and power plants, and gas air conditioning units in homes, stores and office buildings.

Construction and operation of these metering and regulating stations are among many functions of the United Gas organization... all of which have the ultimate purpose of assuring a continued supply of natural gas to our customers.

UNITED GAS

Serving the Gulf South

United Gas transmission lines move large volumes of natural gas to the "city gates" of nearly 400 cities and towns. In many of these towns, United owns and operates the local distribution systems, bringing dependable natural gas service right into the homes, stores and industries. Elsewhere on its system, United delivers the gas to other companies, which own and operate distribution facilities within the towns.

Army Medical Corps Offers Opportunities

In addition to the Medical Department of today offering the professional man the opportunity to work with the finest and most modern equipment, T-Sgt. D. R. Amos, Station Commander, the local U. S. Army and U. S. Air Force Recruiting station announced today that the maximum age-in-grade for medical officers going on extended active duty with the Army Medical Corps was raised this week.

All qualified Medical Reserve officers volunteering for active duty will be utilized during the present critical shortage of Medical officers in the Army.

Age-in-grade restrictions for Medical officers will be suspended until the shortage in the Army Medical Department is alleviated.

Under the new ruling, Medical Department Reserve officers are eligible for recall to extended active duty in any authorized category that will be completed prior to the Officer's

reaching the age of 60.

For full details write to the Surgeon General, U. S. Army Medical Department, Washington, 25, D. C., or check with your local U. S. Army and U. S. Air Force Recruiting Station located at Legion Bldg., in Gulfport today.

NATIONAL HOME DEMONSTRATION WEEK

National Home Demonstration Week begins Sunday, May 1st.

Since 1946, the first week in May has been set aside to tell people what Home Demonstration Clubs are and what their members do.

In Mississippi today 25,000 farm women are Home Demonstration Club members. More than 20,000 Negro

farm homemakers are led by 51 Negro Home Demonstration Agents.

The work started back in 1911 with 150 girls who were members of Tomato Clubs directed by three women, including Miss Susie V. Powell, the first State Home Demonstration Agent in Mississippi. The first real Home Demonstration Club was organized by Miss Powell in 1915.

Mrs. Mary Barrow Geisen succeeded Miss Powell as State Home Demonstration Agent in 1924. Miss

PASTURE TOUR

There will be a pasture tour of some of the outstanding pastures in Hancock County, Wednesday, May 4th. The tour will leave from school at 12:30 p. m. with Fred Taylor's place as first stop. Kentucky rescue drilled with White Dutch Clover will be seen. Next stop will be Mr. Crumps where a demonstration of Kentucky Rescue broadcast with White Dutch will be seen. Also a planting of Pensacola Bahia Grass.

The next stop will be Cornelius Favre on the Highway north of him. Here will be seen a white Dutch cover pasture which is carried approximately 20 head of livestock and has them in top shape, with Dallas grass planted for summer grazing. In another plot Mr. Favre has Italian Rye Grass, with lespedeza added.

The party will proceed from there to Otto Rester's in the Leetown Community for a look at his demonstration of reseeded crimson clover. The next stop will be Fitzhugh Lee's, one of Hancock County's raw milk dealers. Here the party will see his White Dutch Clover pasture and hear him tell what this pasture has meant to his milk production. Mr. Lee is one of the five raw milk dealers in Hancock County and the only one of the five who delivers milk in Picayune.

The last stop on the list will be Karl Goss in the Caesar Community. Karl is milking approximately 20 cows and is taking on the farm training. He will tell us what this pasture has meant to his milk production.

The public is invited to make this tour which is sponsored jointly by the County Extension Agent, Hancock County Soil Conservation District and the A. A. A. Administrator.

In December, Navy Squadron VR-8 flew 51 flights into Berlin in one day for an efficiency rating of 222 per cent.

May Cresswell has been State Home Demonstration Agent since Mrs. Geisen resigned in 1929.

The work started by Miss Powell has grown so that 79 counties now employ white Home Demonstration Agents and 51 counties have Negro Home Demonstration Agents.

During this national observance of Home Demonstration Club work, the members will make radio talks and will speak before all civic groups on what Home Demonstration Councils and Clubs are doing.

The clubs will sponsor educational exhibits as food preservation exhibits, garden exhibits, rug exhibits, poultry exhibits and others in store windows and other public places.

Recognition will be given to Home Demonstration Club members who have been in club work 15 years or longer.

Pastors will recognize the influence of Home Demonstration leaders on the family home life in their sermons this week.

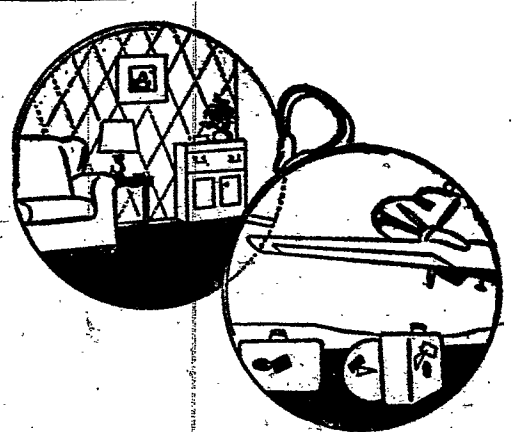

Radio programs on Home Demonstration work will be broadcast on national networks during the week of May 1-7.

FLOWER NOTES

Now is the time to plant the seed of long season bloomers as China asters, morning glories, nasturtiums, single petunias, zinnias and other annual flowers. However, do not waste time and money by planting calendulas, larkspur, pansies, phlox and stocks now. These seed should be planted in the fall.

This is an excellent time to establish new lawns or renew old lawns. Plow, fertilize, disk, harrow and level your lawn area the same as you would a fine seed bed in your garden. Use at least four pounds of 5-10-5 fertilizer to each 100 square foot area.

In South Mississippi use St. Augustine grass in shade and carpet grass in sun or partial shade. In Central Mississippi plant Zoysia grass or centipede grass in shade and Bermuda grass in sun. In North Mississippi Kentucky Bluegrass is best in shady places and Bermuda grass in sun.

ANY WAY YOU LOOK AT IT!

... the Personal Property Floater is BIG insurance protection. It covers your clothing, luggage, camera, sports equipment and other personal belongings at home or away... also your furniture and household equipment... against nearly all risks of loss or damage.

Let us tell you the complete story of this grand, broad-coverage policy!

• CURB SERVICE •

Bay St. Louis, Mississippi.

April 27, 1949.

TO THE VOTERS OF BAY ST. LOUIS:

On the 4th day of June, 1949, you will be given the privilege of voicing your choice for a new member of the City Council. In making this selection you should give serious thought for the reason that the destiny of your City Government for the next 3 1/2 years will be at stake. At the present time our City is broke, and in order to save it from bankruptcy and higher taxes, it is going to take a man who is honest, capable, experienced and conservative to help restore our credit and place us in a position to give the public something in return for its tax money.

In my announcement last week I cited you my qualifications for this position, and if elected, I pledge you that it is not "power" that I desire, but service that I can render. It will be my desire to work in harmony for the betterment of OUR CITY, and not be controlled by any group, syndicate, or individual.

I earnestly solicit your consideration in my behalf.

Sincerely,

J. CYRIL GLOVER.

"The Happiest Man"

Samuel Johnson said, "A man who spends and saves is the happiest man, because he has both enjoyments."

We earn money either to spend it, save it or invest it. And the happiest of us are those who handle Money wisely. Neither misers nor spendthrifts, we try to strike a happy medium between spending and saving.

There wouldn't be much fun in making money if one could not use it to promote a richer life. Thrift, after all, is simply the economic management of one's financial affairs. It is the use of money to sane purpose—the application of common sense to the employment of one's earnings.

Give it some thought and you will find that Samuel Johnson made a sound discovery when he observed that the happiest man both spends and saves.

Certainly, no normal person can be happy who fails to save something. If he fails to do so, he is surrounded by too much uncertainty to enjoy what we call the abundant life. Poverty is often the result of spending too much and saving nothing.

Many schemes have been hatched in an effort to spend one's way to wealth but they have come to naught. The happier way is the saner, sounder way. There is no financial grief equal to squandering one's substance in things that yield neither profit nor satisfaction.

The difference between poverty and prosperity is the difference between extravagance and frugality. When your bank encourages thrift it promotes happiness. To the self-reliant, who have the urge to get along, one sure way to find happiness and to prosper is to earn, spend and save.
